

MADISON

SWIMMING

2020 - 2021 Meet Protocols - COVID-19 Precautions/Restrictions

Athlete Staging

COVID-19 recommendations limit deck capacity. Therefore, we will utilize our cafeteria, located across the common area from the pool entrance, to facilitate teams. This is the method we use when hosting age group meets.

Upon arrival, your team will go to the cafeteria and find their designated area where they are asked to spread out to accommodate social distancing recommendations. **Masks are required to be worn at all times while in our facility.**

Swimmers will camp in the cafe and need to bring towels or blankets to sit on. While we try to regulate the temperature, please ask swimmers to pack appropriately to stay warm between events. We will use a PA system to announce events between the two areas.

Only teams and meet personnel/coaches will be allowed in this area. **Junior High** teams will need to provide adult supervision in the cafe area during the meet.

Locker Rooms

Our custodians fog our locker rooms during 7th period daily and at the conclusion of all evening activities.

Locker rooms will be available for restrooms for athletes. We ask that they go in individually or in their small groups - no more than three.

****Please have your athletes dressed and ready to warm up when your team arrives.**

Locker rooms will be made available at the end of the meet (one team at a time, in small groups) to dress into dry clothes.

We ask that all teams dress efficiently and not linger in the space. *****Please know that on occasion there will be a time when our locker rooms will be shared with basketball teams coming and going. We ask that everyone be masked going in and out of the locker room at all times and get in and out as quickly as possible, maintaining social distance at all times.***

Events

We will have one event (girls/boys) on deck at a time. Girls will be on the block end of the pool, boys will stage (socially distanced) along the far wall. Swimmers will enter the deck using the external door closest to the locker rooms and will exit the pool through the double doors and go back to the cafeteria. This will create a one-way loop to and from the deck with minimal cross over potential.

Swimmers are asked to wear their masks to the block, they can remove them before getting on the block, and will be asked to put their mask back on when they get out of the pool. All officials and meet personnel will be required to wear masks at all times.

Lanes

Per NFHS recommendations, we will not be staggering lanes for meet seeding. The home team will occupy lanes 1, 2, and 3; visiting teams will occupy lanes 4, 5, and 6 for competition heats.

Warm Ups

Madison will conclude pool warm up 45 minutes prior to the meet start time allowing for visiting teams to have the space. We will move to the cafeteria at that time allowing your team all six lanes for warm up.

Meet Entries

In order to minimize the passing of paper/external drives, please email your entries to me the evening before the meet at aschutte@madison.k12.in.us

I realize there will likely be changes overnight but those can be made on deck when you arrive or via a text to 812-599-5600.

At the conclusion of the meet, we will email results files to you. We can send PDF and/or Meet Manager files to your address.

Spectators

There are no visiting fans permitted to attend our meets. Only home athlete parents and siblings are permitted to attend. I have also asked my families not to travel (even if permitted per your guidelines) to allow for your space to be utilized by your families.

Livestream Availability

We will live stream the meets from the Madison Cubs Swim Team Facebook page.

We appreciate your flexibility and understanding in advance! Our goal is to swim and we will do our very best to provide a safe and supportive environment for your athletes!

Best of luck on your upcoming season!
